

Inspire. Dream. Achieve.

THE LEGACY SCHOLARSHIP for Children of Independence Graduates

The Independence School has established the **Legacy Scholarship** in appreciation of Independence alumni who return to “their first alma mater” as parents.

Since its founding in 1978, Independence has remained true to its mission of inspiring students to dream big and achieve. We continue to provide an unparalleled education for the critical foundation years in a nurturing setting and with an exceptional faculty. As our alumni choose an Independence education for their own children, we offer this scholarship to show our appreciation.

In order to receive the Legacy Scholarship (applied to tuition each year of enrollment), one of the parents must have graduated from The Independence School. Candidates must successfully complete all components of the admission process. Students in every grade level – from preschool through 8th grade – may receive this scholarship. (Please note that the amount of the award is less for Early Childhood students enrolled in a part-time program.)

Additionally, all alumni are welcome to apply for financial aid through our Tuition Assistance Program (TAP).

Please contact the Admission Office at 302-239-0332 for more information on the **Legacy Scholarship** and the admission process. For a confidential conversation about tuition assistance, please contact Kathy Neal, Business Manager (302-239-0330, kneal@tisde.org).
