\*Students will be sharing ALL crayons, pencils, markers, scissors, erasers, Highlighters, pens, and glue sticks with one another.

### NOVELS

Each year, students engage in novel studies for language arts, science, and/or social studies. These lessons offer a rich opportunity for exploring authentic literature and for discussing and integrating varied topics. Students may be called to describe themes, identify main characters, find various structural elements such as compound sentences or similes, as well as learn new vocabulary. We would like the students to have the freedom to mark their books as a means of study. For example, key words may be highlighted and chapters may be summarized. Teachers will let you know when a novel study is going to begin so that you can purchase the book from the school. Novels typically cost \$5-\$7.
