Additional Supplies

***Spiral notebooks for math, social studies, and world language have been pre-ordered at a discounted price for all students. These notebooks have been specifically requested by teachers due to their durability and excellent facilitation of organization for the students. Students will receive a notebook for each of the mentioned subject areas in homeroom on the first day of school. **Payment of \$12 to cover the cost of these materials should be brought to school on the first day and given to the homeroom teacher, NOT THE FRONT OFFICE.** Checks can be made out to The Independence School.

Novels

Each year, students engage in novel studies for language arts and/or social studies. These lessons offer a rich opportunity for exploring authentic literature and for discussing and integrating varied topics. Students may be called to describe themes, identify main characters, find various structural elements such as compound sentences or similes, as well as learn new vocabulary. We would like the students to have the freedom to mark their books as a means of study. For example, key words may be highlighted and chapters may be summarized. Teachers will let you know when a novel study is going to begin so that you can purchase the book from the school. Novels typically cost \$5-\$7.
